View the (en)Gendered (in)Equity Gallery Tally poster project at For Your Art in Los Angeles (http://foryourart.com/2014/03/foryourart-at-6020-wilshire-engendered-inequity-the-gallery-tally-poster-project/) and write a review of the exhibition. You must discuss the project's concept, and at least two works on view.

Conduct your own tally! See an exhibition being held at an influential art venue (i.e. MoCA, LACMA, CMP, the Huntington, the Getty, the Norton Simon Museum) and count the number of works by women vs. men on view. Your tally can consider a single exhibition (large museums like LACMA will have several on view), or the entire venue. Use the museum's free handouts and information booth to determine the gender identity of artists with indeterminate names. Report your findings and interpret the messages they convey in at least two paragraphs.
