

Architectural Analysis

Design a diagram, or create a model, of an architectural structure from the Renaissance to the early Modern period, making note of important architectural features and technology used to build the work. Be creative! A diagram doesn't have to be two-dimensional, or on 8 1/2" X 11" paper, and a model does not have to be tangible. However, assignment responses that are not submitted on paper (such as a digital video) will require the submission of a link, photos, or other record of your creation that can be viewed outside of class.

You may choose to form small groups of two or three to collaborate on this assignment. Be sure that your submission includes the names of all contributors. Please be a considerate and responsible group member by sharing equally in the research and production of the analysis.
