

Timeline

Compose a timeline including at least ten key historical events (political, cultural and social) from the periods we have studied this semester-Post WWII to 1970. Identify (artist, title, and date) and incorporate at least ten important works that exemplify the concerns of the era. Include concise explanatory text to connect the key events with the exemplary works of art you have identified. Rather than consider all of the history we have studied this semester, you may choose to focus on one relevant period. The interactive timeline, *The Top 50 Works of Modern Art* on artstory.org provides an excellent model.

Please provide a CMS Endnotes sheet with appropriate numbered notes on your timeline to cite at least two credible sources. Do not cite works of art.

Your timeline should incorporate both text and images. How well you organize this data is one element of your grade. The timeline and Endnotes will need to be submitted on paper along with this grading sheet at the beginning of class.
