

Learning Community Questions 3

Review the Question Cards given to your group. Correct grammatical mistakes and spelling errors. Improve the rigor of the question by rephrasing “detail questions” to generate “conceptual questions.” Rewrite open ended essay questions as multiple choice, true or false, or fill in the blank questions. Finally, provide the correct answer.

Each question and answer set is worth 1 point. The instructor will choose from your improved questions when building the quiz on Moodle.

The questions you write, and thus, Quiz 3, will cover the following topics:
